IOSH Certificate

At the end of the course delegates are required to undertake a short test and an in-company post course project leading to the award of the IOSH certificate in Managing Safely for successful delegates. The project is carried out in the workplace and is of benefit to the delegate's employer.

What is this course about?

This comprehensive four-day course provides delegates with a basic introductory grounding in health and safety at work. It concentrates on training delegates to apply sound management principles to health and safety, the programme is divided into eight modules as follows:

- General approach
- Accident and injury causes
- Management of safety
- Human factors affecting safety
- Health and Safety Law
- Communicating health and safety effectively
- Common hazards
- Specialised hazards.

Who should attend?

- Individuals with responsibility for health and safety
- Personnel Managers
- General Managers with responsibility for safety
- Administration Managers
- Facilities Managers
- Operating Managers & Co-ordinators.
